You agree and understand that you are not allowed to enter any restricted area of any computer or network of MEM under any circumstances, or perform any functions that are not authorised by these Terms.

2. **THE SERVICE**

2.1. Molecular Bridge protocol

Molecular Bridge is a distributed application that runs on a variety of supported blockchain networks (including without limitation Arweave, Optimism, Polygon, and AO), using specially-developed smart contracts which enable users to perform cross-chain liquidity and data transfers and facilitate overall interoperability of assets on

different blockchains. Each of the digital assets locked in the original "native chain" have the associated wrapped asset on the target chain(s). By design, the protocol ensures that the total supply of each asset that can be minted in the secondary chain(s) is always 1:1 backed, minus bridge fees, by the asset collateral locked in the Molecular Bridge smart contract in the native chain. Molecular Holdings does not prescribe any listing requirements, and any arbitrary ERC-20 or ERC-721 (NFT) tokens can be bridged.

The **infrastructure layer** comprises the Molecular Execution Machine (MEM) and Molecules. Molecules are centrally-hosted, team-controlled API endpoints that allow MEM to validate data across different blockchain networks. The Molecular Bridge smart contract depends on AnyAPI ChainLink API to make oracle calls.

The **protocol layer** comprises a set of on-chain smart contracts that are used for asset management.

2.2. Non-custodial nature of smart contracts

When you access certain features of the Services, the user interface will allow you to access a non-custodial smart contract to perform a variety of transactions. In particular, you confirm that all actions and functions performed via the MEM smart contract are irrevocable. However, you remain in full control of your original assets and/or wrapped assets, which are not held or controlled in any way by MEM. MEM does not collect or hold your keys or information - accordingly, if you lose control over these assets, MEM cannot access your original or wrapped assets; recover keys, passwords, or other information; reset passwords; or reverse transactions. You are solely responsible for the safety of your digital assets and your use of the Services, including without limitation for storing, backing up, and maintaining the confidentiality of your private keys, passwords, and information, and for the security of any transactions you perform using the Website. You expressly relieve and release MEM from any and all liability and/or loss arising from your use of the Services.

2.3. Service fees

The protocol charges a service fee for each transfer performed through Molecular Bridge.

- (a) Lock fee - 2.5% is taken as a fee in the bridged asset at the time of locking ERC20 tokens in the bridge.sol contract.
- (b) Unlock fee - \$2.50 - a flat fee for each time bridged liquidity is unlocked from MEM. All collected fees are transferred into the protocol treasury smart contract.

Prior to charging you any fees, the protocol will provide an estimate of the fees which may be chargeable (but this may be subject to variations due to uncontrollable factors such as network congestion). Your acceptance of these Terms is considered to be your acceptance of our service fees. We reserve the right to change, modify, or increase our

service fees at any time. Any change to our service fees will take effect immediately upon our notification of such change. You agree that by using Molecular Bridge following any change to our service fee schedule, you are agreeing to our new service fees.

2.4. Not an Offering of Banking business, Trust business, Custodial business, Escrow business, Securities or Commodities

You understand and affirm that Molecular Bridge / MEM is a non-custodial provider of technical smart-contract services which allow users to manage their original assets and wrapped assets. The content of the Website and the Services do not constitute any banking business, trust business, custodial business, escrow business, any offer to buy or sell, or a solicitation of an offer to buy or sell investments, securities, partnership interests, commodities or any other financial instruments in any jurisdiction. The content of the Website and the Services also do not constitute, and may not be used for or in connection with, an offer or solicitation by anyone in any state or jurisdiction in which such an offer or solicitation is not authorized or permitted, or to any person to whom it is unlawful to make such offer or solicitation. In particular, the Services do not constitute any "banking business" within the meaning of any banking laws, "custody" within the meaning of any virtual assets law, or "capital markets products" or "securities" within the meaning of any securities law.

2.5. No Advice

MEM makes no representation or warranty, express or implied, to the extent not prohibited by applicable law, regarding the advisability of participating in digital assets on any blockchain, any financial products, securities, funds, commodity interests, partnership interests or other investments or funding or purchasing loans. MEM is merely a technology service provider allowing you to manage your own digital assets connecting you with various third parties and does not offer fiduciary services, and is not your agent, trustee, advisor or fiduciary.

2.6. Taxes

It is your sole responsibility to determine whether, and to what extent, any taxes apply to any interest received

through the Services, and to withhold, collect, report and remit the correct amount of tax to the appropriate tax authorities.

3. RISK FACTORS

You acknowledge and agree that the Services are is currently in the initial development stages and there are a variety of unforeseeable risks with utilising the Services or

participating in the platform. In the worst scenario, this could lead to the loss of all or part of your digital assets associated with the Services. IF YOU DECIDE TO UTILISE SERVICES YOU EXPRESSLY ACKNOWLEDGE, ACCEPT AND ASSUME THE BELOW RISKS AND AGREE NOT TO HOLD MEM OR ANY OF THEIR RELATED PARTIES RESPONSIBLE FOR THE FOLLOWING RISKS:

3.1. Third-party Risk

The Services rely on whole or partly, on third-party software and the continued development and support of third parties. There is no assurance or guarantee that those third parties will maintain their support of their software, which might have a material adverse effect on the Services.

3.2. No Insurance

Original or wrapped assets are not legal tender, are not backed by the government, and are not subject to the Deposit Insurance Scheme or protections under any banking or securities laws. MEM is not a bank and does not offer fiduciary services, nor does it offer any security broking services.

3.3. New Technical Risk

The MEM software used for Molecular Bridge is new. While this software has been extensively tested, the software used for the Services is still relatively new and could have bugs or security vulnerabilities. Further, the software is still under development and may undergo significant changes over time that may not meet users' expectations.

3.4. Risks

The underlying smart contracts run on a variety of supported blockchain networks, using specially-developed smart contracts. Accordingly, upgrades to the relevant blockchain network, a hard fork in the relevant blockchain network, re-organizations of blockchain structure or blocks, or a change in how transactions are confirmed on the relevant blockchain network may have unintended, adverse effects on the smart contracts built thereon, including MEM software and smart contracts built by the Molecular Bridge team

3.5. Information Security Risk

Original or wrapped assets, and use of the Services may be subject to expropriation and/or theft. Hackers or other malicious groups or organizations may attempt to interfere with the Services in a variety of ways, including, but not limited to, malware attacks, denial of service attacks, consensus-based attacks, Sybil attacks, smurfing and spoofing. Furthermore, because the underlying blockchain networks comprise open-source software, there is the software underlying the Services may contain intentional or unintentional bugs or weaknesses that may negatively affect the Services or result in the loss of the user's original assets or wrapped assets, the loss of the user's ability to access or control their digital assets. In the event of such a software bug or weakness, there may be no remedy, and users are not guaranteed any remedy, refund or compensation.

3.6. Regulatory risks

The regulatory status of original assets and wrapped assets, and distributed ledger technology is unclear or unsettled in many jurisdictions. While every effort has been taken to ensure that the Services are compliant with local laws, it is difficult to predict how or whether regulatory agencies may apply existing regulation with respect to the Services. It is likewise difficult to predict how or whether legislatures or regulatory agencies may implement changes to law and regulation affecting distributed ledger technology and its applications, including the Services. Regulatory actions could negatively impact MEM in various ways, and thus the Services may not be available in certain areas.

3.7. Taxation Risk

The tax characterization of original and wrapped assets,

and the usage of the Services are uncertain. It is possible that the user's intended treatment of original or wrapped assets may be challenged. You must seek your own tax advice in connection with the Services provided by MEM, which may result in adverse tax consequences to you, including, without limitation, withholding taxes, transfer taxes, value-added taxes,

income taxes and similar taxes, levies, duties or other charges and tax reporting requirements.

3.8. Additional conditions of usage of the Website and Services

Your usage of the Website and Services is subject to the following additional conditions:

- (a) **Unlawful Activity:** you agree not to engage, or assist, in any activity that violates any law, statute, ordinance, regulation, or sanctions program, including but not limited to the U.S. Department of Treasury's Office of Foreign Assets Control (**OFAC**), or that involves proceeds of any unlawful activity.

8.1. Contact MEM

If you have feedback or general questions, please contact us via our User Support at info@mem.tech. When you contact us please provide us with your name, email address, and any other information we may need to identify you, your transactions conducted, and digital assets held.

8.2. Dispute Resolution

PLEASE READ THIS SECTION CAREFULLY BECAUSE IT CONTAINS CERTAIN PROVISIONS, SUCH AS A BINDING ARBITRATION SECTION AND CLASS ACTION WAIVER, WHICH AFFECT YOUR LEGAL RIGHTS. THIS SECTION REQUIRES YOU TO ARBITRATE CERTAIN DISPUTES AND CLAIMS WITH MEM AND LIMITS THE MANNER IN WHICH YOU CAN SEEK RELIEF FROM US.

Each party (i) waives all its respective right(s) to have any and all disputes, claims, suits, actions, causes of action, demands or proceedings (collectively, "**Disputes**") arising from or related to these Terms resolved in a court, and (ii) waive all its respective right(s) to have any Disputes heard before a court. Instead, each party shall arbitrate Disputes through binding arbitration (which is the referral of a Dispute to one or more persons charged with reviewing the Dispute and making a final and binding determination to resolve it instead of having the Dispute decided by a judge or jury in court).

Any Dispute arising out of or related to these Terms is personal to you and will be resolved solely through individual arbitration, and in no circumstances shall be brought as a class arbitration, class action or any other type of representative proceeding. There will be no class arbitration or arbitration in which an entity attempts to resolve a Dispute as a representative of another individual or group of individuals. Further, a Dispute cannot be brought as a class or other type of representative action, whether within or outside of arbitration, or on behalf of any other individual or group of individuals.

Any Dispute arising out of or in connection with these Terms (including, without limitation, the enforceability of this section or any question regarding its existence, validity, or termination) shall be referred to and finally resolved by arbitration administered in accordance with the LCIA Arbitration Rules for the time being in force, which rules are deemed to be incorporated by reference in this Clause 8. The place of arbitration shall be London, United

Kingdom, unless the Parties agree otherwise. The number of arbitrators shall be one. The language to be used in the arbitral proceedings shall be English.

Each party will notify the other party in writing of any Dispute within thirty (30) days of the date it arises, so that the Parties can attempt in good faith to resolve the Dispute

informally. Notice to MEM shall be sent by e-mail to MEM at info@mem.tech. Notice to you shall be either posted on the Website or, if available, will be sent by email to your email on record. Your notice must include (i) your name, postal address, email address and telephone number, (ii) a full and sufficient description of the nature or basis of the Dispute, and (iii) the specific relief that you are seeking. If you and MEM cannot agree on how to resolve the Dispute within thirty

(30) days after the date the notice is received by the applicable party, then either you or MEM may, as appropriate and in accordance with this section, commence an arbitration proceeding or, to the extent specifically provided for in this section, file a claim in court.

The arbitrator does not have the authority to conduct a class arbitration or a representative or class action, which is prohibited by these Terms. The arbitrator may only conduct an individual arbitration and may not consolidate more than one individual's claims, preside over any type of class or representative proceeding or preside over any proceeding involving more than one individual.

If any term, clause or provision of this section is held invalid or unenforceable, it will be held to the minimum extent applicable and required by law, and all other terms, clauses and provisions of this section will remain valid and enforceable. Further, the waivers set forth in this section are severable from the other provisions of these Terms and will remain valid and enforceable, except as prohibited by applicable law.

You agree that this section of these Terms has been included to rapidly and inexpensively resolve any disputes with respect to the matters described herein, and that this section shall be grounds for dismissal of any court action commenced by you with respect to a dispute arising out of such matters.

A printed version of these Terms shall be admissible in judicial or administrative proceedings.

8.5. Limitation on Liability

EXCEPT IN JURISDICTIONS WHERE SUCH PROVISIONS ARE RESTRICTED, IN NO EVENT WILL MEM OR ITS DIRECTORS, EMPLOYEES OR AGENTS BE LIABLE TO YOU OR ANY THIRD PARTY FOR ANY INDIRECT, CONSEQUENTIAL, EXEMPLARY, INCIDENTAL, SPECIAL OR PUNITIVE DAMAGES, INCLUDING FOR ANY LOST PROFITS OR LOST DATA ARISING FROM YOUR USE OF THE WEBSITE OR THE SERVICE OR ANY OF THE CONTENT OR OTHER MATERIALS ON OR ACCESSED THROUGH THE WEBSITE, EVEN IF MEM IS AWARE OR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

NOTWITHSTANDING ANYTHING TO THE CONTRARY CONTAINED HEREIN,
TO THE EXTENT PERMITTED BY APPLICABLE LAW MEM'S LIABILITY
TO YOU FOR ANY CAUSE WHATSOEVER, AND REGARDLESS OF THE FORM
OF THE ACTION, WILL AT ALL TIMES BE LIMITED TO THE AMOUNT
PAID, IF ANY, BY YOU TO MEM FOR THE SERVICES. IN NO

CASE WILL MEM'S LIABILITY TO YOU EXCEED \$1,000. YOU ACKNOWLEDGE THAT IF NO FEES ARE PAID TO MEM FOR THE SERVICE, YOU SHALL BE LIMITED TO INJUNCTIVE RELIEF ONLY, UNLESS OTHERWISE PERMITTED BY LAW, AND SHALL NOT BE ENTITLED TO DAMAGES OF ANY KIND FROM MEM, REGARDLESS OF THE CAUSE OF ACTION.

CERTAIN LOCAL, STATE OR FEDERAL LAWS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF CERTAIN DAMAGES OR LIMITATIONS ON IMPLIED WARRANTIES. IF THESE LAWS APPLY TO YOU, SOME OR ALL OF THE ABOVE DISCLAIMERS, EXCLUSIONS OR LIMITATIONS MAY NOT APPLY TO YOU, AND YOU MAY HAVE ADDITIONAL RIGHTS.

8.6. Governing Law; Venue and Jurisdiction
